

CODEWAR COMPETITION

Event Details: -

RULES AND REGULATIONS

1. Participant Qualifications:

- Individuals with proficiency in C, C++, or Python programming languages are eligible to participate.

2. Network Restrictions:

- Internet access will be strictly prohibited throughout the duration of the challenge.

3. Ethical Conduct:

- Any participant found utilizing internet resources during the challenge will face immediate disqualification.
- Fair play is expected from all participants.

4. Problem Availability:

- The programming problems will be pre-installed and available on the assigned computers.

5. Submission Procedure:

- Participants must save their debugged and functional solution files directly onto the provided computers.

6. Time Constraints per Problem:

- A time limit of 5 minutes will be allocated for the completion of each individual programming problem.

7. Evaluation Criteria:

- Solutions will be evaluated based on:
 - Accuracy and correctness of the output.
 - Efficiency and optimization of the code.
 - Clarity and readability of the source code.
 - Adherence to the time limit constraints.

8. General Conduct:

- Participants are expected to maintain professional and respectful behavior.

- Any form of cheating, including plagiarism or unauthorized collaboration, will result in disqualification.
- The decisions made by the judging panel will be considered final and binding.
