IDEA PRESENTATION

Event Details: -

RULES AND REGULATIONS

1. Registration Process:

- Participants must register through the official Techfest link.

2. Competition Format & Rounds:

The competition will be conducted in two rounds, evaluating participants on innovation, feasibility, and presentation skills.

- **Round 1: Idea Submission (Elimination Round)**

  o Participants must submit a brief proposal under one of the two categories:

    - Technical Innovation: Ideas related to software, AI, cybersecurity, IoT, robotics, blockchain, etc.

    - Business Innovation: Startup ideas, financial models, social entrepreneurship, sustainable businesses, etc.

  o The submission must include:

    - Problem Statement – What issue does the idea address?

    - Proposed Solution – A concise explanation of the idea.

    - Innovation & Uniqueness – How is the idea different from existing solutions?

    - Feasibility – Practicality and implementation possibilities.

  o Top [X] ideas from each category will be shortlisted for the final round.

- **Round 2: Live Presentation & Q&A (Final Round)**

  o Shortlisted participants must present their idea to a panel of judges.

  o Presentation Format:

    - Duration: 7-10 minutes

    - Slide Limit: Maximum 8 slides

    - Q&A Session: Judges will ask questions to test the depth of understanding and feasibility.

  o Bonus points for working prototypes, demos, financial models, or proof-of-concept models.

3. Rules & Guidelines:

- The competition is open to all students.
- Participants can compete individually or in teams of up to three members.
- Plagiarism or copying existing ideas will result in disqualification.
- Presentation slides must be in PPT/PDF format and should be submitted before the final round.
- The decision of the judges will be final and binding.

4. Judging Criteria:

- Innovation & Creativity
- Feasibility & Practicality
- Presentation Clarity & Structure
- Potential Impact & Scalability
- Q&A Handling & Justification

5. Prizes & Recognition:

- Exciting prizes and certificates will be awarded to the winners.
- Top ideas may get mentorship or funding opportunities.
